

**RX4 Meeting**  
**November 13, 2012**  
**12:30-2:00**

**Members Present:** Elery Keene, Ross Nason, Tim Wing, Linda Woods

Elery wondered what is being done with recycled tires. Pine Tree Transfer on Airport Rd. recycles tires for a fee. They are ground and made into fuel.

Linda reported on the success of Sharing Sustainability: Building Resilient Communities.

The team is thinking of doing something to support shopping locally during the holiday season.

Action Item:

Linda & Ross: contact Jennifer Olsen from WMSt. to see if they have anything planned

Linda announced that the annual meeting will be January 12 in the Waterville City Council Chambers. The time has yet to be determined.

Ross suggested the format for the annual meeting be changed to get more “outside” people involved or to do something to energize our core group. Maybe use the vimeos that have been created or using some of the educational videos that were listed at the sustainability conference. Maybe each team could choose a video that relates to its purpose. Elery suggested showing “where we [the United States] are on a big scale” (i.e., compared to other countries).

Action Item:

Linda: share this idea with the Board

The next meeting will be **Tuesday, December 4** at **noon** at **Asian Café** (on Bay St. in Winslow).

After the meeting, Ross & Linda talked with Jennifer Olsen, the new director of Waterville Main Street. We will be partnering with WMSt. for the Holiday Fair on December 8. Ross will be meeting with Jennifer to finalize this and more details will be available at the next meeting. Please save time to help on December 8.
